CHASE HALL HOLDS ITS ANNUAL RECEPTION

A CLEVER AND HUMOROUS MINSTREL SHOW BY STUDENTS

Miss Soler and Mr. Guiterrez Give Interpretation of Spanish Shimmie

A college event concerning which great interest and curiosity is always evidenced beforehand took place on the ninth of October—the Chase Hall reception.

The guests, faculty and students, were greeted at the entrance of Chase by Professor Blair with his ever-ready smile of welcome and were granted the freedom of the castle. Ladies indulged their ascribed curiosity to their hearts' contents and surprised many attractive nooks and corners. Some of the rooms were equipped with registers whereupon many of the guests enscribed themselves. Upon one register was seen the signature, Chan C. Low, about which many speculations were made.

The program of minstrels and a very efficient end-man followed which provoked much mirth from the highly entertained audience. A

LATE NEWS:

AT 1:30, P. M. TODAY ATHLETIC COUNCIL AUTHORIZED FOOTBALL GAME JAX. AMERICAN LEGION, OCT. 29, AT JAX.

WHY THE COLLEGES SHOULD SUPPORT THE RED CROSS

When America went into the war there was an immediate rush of college men to take their places on the firing line. By fall 150 institutions reported that 13,520 students were in the army or navy, and 1,650 had gone into non-military activities. Whereas the undergraduates for the most part went into active service, the alumni, or those of them who for one reason or another were unfitted for army or navy, went into the service of the relief organizations.

Hundreds of college men and women went into the Red Cross. In fact, this organization was largely made up of college personnel. They went into it because it was constructive, because it gave them a chance to apply practically those ideals which are the ideals of America, and which the training they have received in colleges and universities has taught them to honor and cherish.

And then the war ended. A good many people thought the Red Cross would end, too. But disease and suffering did not end with the war. Health, good citizenship are as important today as they were two years ago. And so the Red Cross work goes on. It still stands for the ideals of America—the ideals which it is the privilege and the duty of every university man and woman to further and cherish.

It is the duty and privilege, therefore, of every college student to stand back of the Red Cross, to aid it in every way possible in its after-war campaign for a healthier and happier America. The Annual Red Cross Roll Call will be held November 11-5. Ten million Americans joined or renewed their memberships last year. The Red Cross counts on its college friends to join, again, this year.

FROSH-SOPH DEBATE NOV. 10. ON OPEN SHOP

Classes to Wrangle for the Delphic Cup

Interest is centering about the Freshmen-Sophomore debate which is to be held Nov. 10. The Sophomores are to take the affirmative and the Freshmen the negative of the question, "Resolved, that the Closed Shop should replace the Open Shop in the United States." Tryouts are to be held this week for both teams. If the direction of the wind can be told by a straw, it may be safely predicted, that the Delphic Cup will not be an easily won trophy this year.

COACH BREWSTER IS GIVING ATHLETICS FIRM FOUNDATION

With a month passed since the opening of college, those interested in the general growth of Rollins are naturally eager to know something of the athletic program for the coming year. Thus far attention has been turned toward two branches, football and water sports. From the interest shown on the part of the students, there is every indication that big things may be expected during the year from every team representing Rollins.

Aquatics

As usual interest in water sports runs high at Rollins due to the great advantages available here. The college is especially fortunate in having in its midst, Charles Speer, who is acting as instructor in swimming and as assistant to Prof. Blair in promoting even more interest in aquatics.

Football

The football squad has been out working every day since the opening of college and a good team is gradually rounding itself into shape. It was a great disappointment to be compelled to cancel the game with the University of Florida scheduled for Oct. 16 but with the material at hand no other course could be taken. There have been but a few men out for the team and those were, at the start, mostly inexperienced. In spite of the handicap, the men have been plugging away every day and have shown the best possible spirit in endeavoring to put across what might be considered a very successful season. They deserve a great deal of praise for their efforts and it is now up to the rest of the student body to swing into their stride and carry on the good work.

The athletic program is a constructive one aimed to benefit the College and student body as a whole. Rollins will endeavor to uphold the best kind of sportsmanship and play nothing but absolutely clean athletics.

TRAINING COUNCIL OF STATE Y. W. C. A. AT ROLLINS

PURPOSE IS TRAINING OF CABINET MEMBERS IN ADMINISTRATION

Meetings in Charge of Miss Elsie Heller, From Field Headquarters

During the week-end of Oct. 8 to 11 the local organization of the Y. W. C. A. held a cabinet training council under the direction of Miss Elsie Heller, who came here for that purpose from field headquarters in Richmond, Va. She was ably assisted in the work by Miss Katharine Lampkin, also of Richmond, and Miss Margaret White, resident secretary at the Florida State College for Women. A delegation of five girls, together with their chaperone, came as representatives of the Southern College Y. W. C. A., and were entertained as guests of this school during their stay.

The purpose of such a conference is to train the cabinet members in the administration of the affairs of their

STUDENTS ENTERTAINED AT CHURCH SUPPER

Delightful Affair Given by the Congregational Church

All the students who have chosen the Congregational Church as their church home for this year were delightfully entertained at a dinner in the Hooker Memorial, adjoining the church, on Friday evening, Oct. 15.

The tables were beautifully laden with large boquets of roses and all kinds of good things to eat. Each guest found at his place, a rose as a favor. The delicious meal was greatly enjoyed by all, and too many thanks cannot be said to the ladies whose loving hands made possible all this enjoyment.

The meal over, Dr. Vincent spoke briefly on the need of a church home and urged all to be faithful in their attendance on the different services. Following Dr. Vincent, Mrs. Mable Quam Stevens, in her charming manner, spoke for a few minutes, stress-

WHAT MAKES A COLLEGE?

Every man who is interested in higher education has his own ideas as to what goes to make a good college. President Garfield, a loyal son of Williams, thought that a boy at one end of a plank and Mark Hopkins at the other comprised all the essentials of an institution of higher learning.

Other persons who have given thought to the matter have usually drafted more elaborate specifications. Most of them have included the boy. Nearly all have had a deal to say about the plank, so far as it typifies lecture halls, laboratories, dormitories, libraries and gymnasiums; but not infrequently they have laid but very little stress upon the Mark Hopkins, or teaching, element.

This is demonstrated by the liberality with which rich men supply funds for athletic fields and college buildings and the reluctance with which they give money to be spent for professors' salaries. Nor are these feelings unnatural. If a man settles a hundred thousand dollars upon his old college for the purpose of endowing a chair of history it will be named after him in the college catalogue; but in most cases he will feel less satisfaction than as if he had spent the same amount of money to build a library which has his name neatly chiseled in the granite architrave over the entrance. A sturdy building seems far more substantial than two lines in a college catalogue.

Yet architecture is by no means the most enduring of monuments. What college dormitory, for example, will be standing when the names and teachings of Plato and Aristotle are forgotten? These men were professors, teachers of the young, but after twenty-odd centuries their voices are still heard and their philosophies still mold the minds of men. Theirs were mere academies as Mr. Garfield had in mind when he uttered his whimsical epigram—teacher, pupils and a place to a quiet garden or not too noisy market place; immortal truths in simple settings.

College buildings have had their day as memorials to munificent and successful men, and a fruitful, needful day it has been; presently the professors will have their day, and givers of great gifts will think as much about the souls of colleges as an earlier generation thought about their bodies. Not all the beauty of classical architecture, be it never so chaste, nor all the splendor of Gothic arch and vault and tracery can make a veritable college; for colleges are not inanimate things of brick and mortar, stone and glass, but are, in their essence, made of the spirit of those who teach and of those who learn within their walls.—Saturday Evening Post.

The following discourse on the word "habit" appeared in a daily paper of recent issue and seemed so good to us that we have put it in the editorial column:

Habit

"Habit" is hard to overcome. If you take off the first letter, it does not change "a bit." If you take off another, you have a "bit" left. If you take still another the whole of "it" remains. If you take still another, it is not "i" totally used up. All of which goes to show that if you wish to be rid of a "habit," you must throw it off altogether.

What you regard as adverse conditions of life may be only perverse conditions of mind.

ALPHA ALPHA SCANDAL

"Skinny" Henderson, with an average of over 100 per cent, continues to attend "study hall." **Just where** is this study hall, Pat?

A mystery! "Pat" Henderson, "Poerade and Rowdy" Sloan all in one three-quarter bed. How do they do it? Dunno, unless each occupies a quarter each.

"Goofey" Boyle, due to an unexpected dip in the lake while sailing, which caused the loss of his famous Marcelleswave, has been compelled to suspend social campaigns for the present.

Pat says he has to put ashes in the bed to keep from slipping out. Won't some bird present "Skinny" with a sandpaper sheet and barbed wire counterpane?

Dizzy Dopey Sherman said we couldn't get anything on him to put in The Sandspur. We have lots of dope, but it is not fit to print.

"Cheesey" announces he "Mae" return to school later.

Although "Corrie" Roberts often arises at 4 a. m. to saw wood, he has nothing on Messrs. "Skinny" Henderson, "Rowdy" Sloan and "Muggins" Sherman. They saw wood all night.

The House Committee finds it necessary during meals to regularly remind the fellows of the presence of a "Lady" in the kitchen.

Here are a few fundamentals for the enlightenment of benighted students. These are not original but like the article on habit was taken from a paper. We were too busy to think up an editorial this week.

SIGMA PHI ENTERTAINS

On the evening of Friday the fifteenth, the Sigma Phi girls gave a charming little party at Orlando. We started off almost immediately after supper as we all wished to make the most of our little jaunt, free from the trials and tribulations of studying, to say nothing of the eternally insistent voice of the Proctor saying, "Girls! Can't you be a little more quiet? There are some people who want to study even if you don't."

So with our hearts beating high with anticipation we piled into two large touring cars. The drivers, who seemed to forget that the cars possessed occupants in the shape of seven or more nervous females, raced along at sixty miles per hour to the peppy tune of "Rollins, is rolling along."

After taking our choice of the various movies the gay metropolis had to offer, we found ourselves deeply engrossed in the thrilling spectacle of "The Devil's Pass Key." Even Miss Dire (spelled with permission) was on the point of being reduced to tears and remarked that she would have been quiet irrenome if the heroine had not insisted upon keeping her mouth open at the crucial moments.

An amusing comedy followed and then some very delicious drinks were partaken of at The Palace. And later as we all rode home together, everyone confessed to have had a tipping good time and voted the Sigma Phi party a great success.

Plenty of Time

He—"Heavens above! The clock just struck one, and I promised your mother that I would leave at eleven."

She (comfortably)—"Good, we've eleven hours yet."

Alumni Notes

Dr. W. W. Herrick, of the class of '94, and who served as a major in the late war, has resumed his practice in New York City and has offices at 49 E. 53rd Street.

Miss Helen Warlow, who was a student in Rollins in 1914-15, has recently returned to her home in Orlando after spending the summer in the north.

Karl Tompkins, who took special work here last year, is now enrolled in the Engineering School of Cornell.

Robert Sedgwick, '23, who was an associate editor of The Sandspur last year, is expected in Winter Park this week. He will be a guest at the Phi Alpha House and will remain over for the first fraternity dance. From Winter Park he will go to Cuba and from there to Spain and Italy.

Alfred Malby was a visitor on the campus two weeks ago.

Mrs. L. B. Mitchell (Miss Marie Gutierrez) motored up from Tampa last week and spent several days with her nieces, the Misses McKay, in Lakeside.

CAPT. VANDERPOOL

Capt. C. H. Vanderpool, who was graduated from Rollins in 1895, and who later took medical work at the University of the South, was a visitor on the campus this past week. Captain Vanderpool has spent the past twenty years in the United States Army, Medical Corps, and has seen service in the Philippines, Hawaii, Porto Rico and a number of home stations. He is now stationed in Charlestown, S. C.

WILHELMINA FREEMAN ENTERTAINS

Wilhelmina Freeman entertained the Palm Beach sector of Rollins students at a very delightful party Saturday night. The evening was spent in dancing and in the singing of college songs. Dainty refreshments of ice cream, cake and punch were served. Miss Isabel Edwards was among the guests. It is rumored that Miss Freeman is planning to extend her hospitality to those who are not fortunate enough to claim Palm Beach as their place of residence and much interest is being evinced.

associations and to give inspiration and spiritual help for the further advancement of Christian work in the colleges.

At the opening session of the council held Friday evening, Miss Lumpkin spoke briefly on "The Christian Attitude Toward Life," and in a very forceful and interesting manner described the person who, "when faced with a piece of work, says, 'I will do it,' and then does it." On Saturday morning Miss Lumpkin gave the first of her series of three talks on "Christian Essentials," which was followed by group discussion of various questions pertaining to the life of the association.

The two-hour sessions held on Saturday and Sunday afternoons were very profitably spent in the discussion of various technical problems of interest to the two organizations represented. The regular session of the conference on Sunday evening was an open meeting held in Cloverleaf parlors when Miss Lumpkin gave the last talk of her interesting series. The formal closing of the council came immediately afterwards in Carnegie Hall, where previous sessions had been held.

It goes without saying that the influence of this group of young women will have far-reaching effect for good in the greater Christian work they will be able to accomplish as a result of having spent those few short days together.

The Y. W. C. A. wishes to express its appreciation of the help given and kindly interest shown by all those who so generously gave of themselves and their time to make the visit of the secretaries and delegates at the recent training council a pleasant one.

A jolly picnic party Friday evening was made up of the visiting secretaries and delegates to the Y. W. C. A. training council from Southern College, the local Y. W. C. A. cabinet and their chaperones, Prof. Blair, Prof. and Mrs. Brewster, and Miss Barrett. The party went in canoes to the Seminole grounds where a bountiful supper was served around a large campfire. Needless to say, the occasion was a happy one for all concerned, and the hour for returning home came all too soon.

CONSERVATORY NOTES

Miss Dyer is busy planning the musical programs of the two State Musical Conventions. The Florida Federation of Women's Clubs will hold their convention at Tallahassee from the 16th to the 19th of November. At this convention Mrs. Anne Faulkner Oberndorfer, Chairman of the Music Department of General Federation of Musical Clubs, and successor of Mrs. William D. Steele, whose visit here made such an impression last year, will be one of the guests of honor. The Florida Federation of Musical Clubs will meet at Tampa the third week in March.

MR. JOHN C. FREUND TO VISIT ROLLINS

Mr. John C. Freund, editor of one of the most influential papers in the world of music, "Musical America," will come to Florida to speak at the Convention held by the Florida Federation of Musical Clubs in Tampa, and will stop over in Winter Park as a guest of the College to address the student body. Mr. Freund is one of the important figures in the field of American music.

MEN'S GLEE CLUB

The Men's Glee Club met last week for the first time, and from the enthusiasm and interest shown it is expected there will be a splendid club before the season is over. The following men who tried out have been selected:

Chas. Ward, Reninger, Maximo Soler, Benings Postand, Richard Rogers, Caldwell, Paul Potter, Swope, Frank Evans, Kenneth Warner, Jack Stevens, Carlos Butler.

MISS ROUS TO GO NORTH

Miss Marion Rous, head of the piano department, will leave on Tuesday, the 26th, for a short concert trip in the north, playing on Oct. 29 in New Haven, Conn., on Nov. 2 in Pittsburg, and on Nov. 4 at the Foxcroft School in Virginia. In the latter place she will give a recital of Programme Music and in Pittsburg will give her "What Next in Music," the recital of Modernist composition for which she is being engaged so extensively by music clubs and other organizations. Miss Rous will appear later in the season in Detroit, Duluth,

Miss Rous went north the latter part of August to fill an engagement at Greenwich, Conn., where she gave Atlanta, Savannah, Mobile, Jacksonville, and other points in the South and middle west.

her ultra modern lecture recital, "What Next in Music," under the auspices of the Serbian Relief Committee. This concert was a great success both musically and financially; about $1,500.00 being cleared for Serbian relief. Last year's students will be interested to know that a part of this fund will go toward the medical education of Darinka Mladenoritch, who was at Rollins last season.

GILBERT D. LEACH, IN THE LEESBURG COMMERCIAL

One of the most pleasant experiences men can have is a visit with some old time friend and we enjoyed such a visit on Saturday with that delightful Scot, J. D. McGlashan, who is now in charge of the commercial courses in Rollins College at Winter Park. Full many a night we have sat with our friend McGlashan until the faint gray streaks in the east tening with rapt attention to his musical Scotch-burred voice that was always telling something as pleasant as it was interesting. This was in Fort Myers some seven or eight years ago and we had not met since until Saturday when he drove over for a friendly visit.

HARDING'S ELECTION NOW A CERTAINTY

Rollins College, Winter Park, Fla.
October 1, 1920

Honorable Warren G. Harding,
Washington, D. C.

Dear Sir: Being a good Republican, I wish very much to offer my services to and for the cause. After surveying the needs of the Grand Old Party, I have come to the conclusion that a Campaign Manager is most needed. I consider myself especially well fitted for this position. A hurried inspection of my training and experiences present adequate proof of this statement:

1. Having lived in a girls' dormitory for two consecutive years, my lungs are well developed, and my voice, strong and convincing, I shall be heard.

2. Being a baseball fan, my powers of enthusiasm are extraordinary and unlimited. I shall effervesce with exuberant vitality.

3. From the same source I have learned all necessary yells, encouragements, and shall be an efficient leader.

4. I have lived on the great Atlantic Coast. I shall be able to sympathize with you in great storms of adversity.

5. I am readily attracted by the pearls of personal character. I shall see only your good points, and lock the bad ones in Davy Jones' locker.

6. My athletic career has made "My brawny arms as strong as iron bands." I shall protect you from personal assault.

7. From arguments over telephones, with members of the opposite sex, I have developed wit and tact. I shall be resourceful.

8. From the same practices I have obtained a voice vibrant with the low, sweet persuasive tones. Therefore, I shall hold my audiences in hypnotic and spellbound surprise.

For these reasons, my dear sir, do I not have the honor to be

SOPH OFFICERS ELECTED

A meeting of the Sophomore class was held Wednesday evening, Oct. 13. Frank Palmer acted as chairman of the meeting until the following officers were elected: Easter Russell, President; Mary Rourke, Vice-President; Robert Wright, Secretary and Treasurer.

Plans were made for the debating team and a day appointed for the try-out.

Prof. Brewster was chosen faculty advisor for the class.

A committee was chosen for the Sophomore picnic, with Louise Hoskins as chairman.

A meeting will be held Monday evening in the gymnasium at seven at which members will try-out for the debating team.

TENNIS CHAMPIONSHIP FOR THE STATE OF FLORIDA IN JACKSONVILLE DEC. 18

Notice has just appeared in the state press to the effect that the annual contests for the Florida state championship in tennis are to be held in Jacksonville on Dec. 18. Mr. Harry Culley, the well-known sportsman of that city, has been appointed chairman of the committee on arrangements. Applications for entrance should be directed to him after Nov. 1, with entrance fee of $1 in care of the Jacksonville Sporting Goods Company, 129 West Bay St.

Last year a number of college athletes entered the contests and it is probable that Rollins will have several representatives.

ing the pleasure of this hour spent together and the necessity of accepting individual responsibility in the church of our choice.

The parting hour came unbidden and each one present carried away with him happy memories of the hospitality of the members of the church.

Foozy!

"Music hath charms!" Some poet cried.
But this fool poet makes me groan:
This poet never lived beside
A man who plays a slide trombone.

MRS. STEVENS SPEAKS IN CHAPEL

Mrs. Mabel Quam Stevens gave a delightful talk to the students in chapel last Wednesday morning (Oct. 13). The main theme of her talk was, "Appearance and Money Do Not Make the Boy or Girl." The students appreciated the helpful ideas that were set before them and look forward to the time when they may have the privilege of hearing her again.

NEW Y. M. C. A. CABINET ELECTED

At a meeting of the students last Wednesday the officers of the Y. M. C. A. were elected to serve for the coming year. The following were elected: President, Warren Ingram; vice-president, Frederick Zorbaugh; treasurer, Rex Holiday; secretary, Charles Ward; chairman social committee, Richard Potter, and chairman religious committee, Wallace Stevens.

weighty subject of whether or not the Freshmen should clear the sandspurs from the football field being debated at length. This was followed by the program arranged by the Literary chairman on the topic, "Edgar Allan Poe."

Georgiana Hill, Ruth Hoyt, Madeline Appleby, and Lucy Anderson read various papers on the life, works, letters, and the religious influence of this unique and versatile southern writer. Mr. Charles Speer gave an excellent talk on some of the striking characteristics of Poe's personality.

A LITTLE LIGHT NOURISHMENT IN OUR MIDST

Cloverleaf Entertains Informally

A birthday party and a Hallowe'en festivity are events which have been marked upon the calendar of Cloverleaf's second floor recently. The birthday child was Ruth Waldron, and a number of gay spirits were present with their best wishes and the usual Cloverleaf hunger. This feeling of want prevalent was shortly appeased by delicious viands and the festivity brought to an hilarious close by the stunts upon timorous freshmen imposed by unrelenting old girls.

Sarah Wight's was a hallowe'en-y spread and enthusiastically attended. In fact, those who didn't arrive on the stroke of nine forty-five were forced to substitute the bureau and that cheerer of winter days, the radiator, for the usual popular spots of floor and bed. Favors of the paper cracker variety were conspicuous and made up for their "pep" by holding fascinating little paper caps and such things as trains of cars, keys and bells. Some of the recipients of the bells were curious to know whether to interpret the favor as a compliment or reflection on their popularity. Horrible pumpkin persons and vindicative witches glared from paper napkins. The eats were luscious, 'twas a regular spread and everyone had a dandy time.

Them Ath-A-letic Girls

"I wanted to kiss her so badly that I stuck my mouth out at her."

"What did she do?"

"Put her foot down on it."

What a Slow Duck

"I'll never go riding with Percival again."

"What's the matter, honey?"

"Oh, we rode for miles and miles, and when he let me out at my house to say good-bye, he didn't hug anything but the curb."—Ex.

Awful Accident at the Dining Hall

While eating corn on the cob the other day, Jack Stephens forgot to slow for the turn and bit his finger off.

The Cloverleaf Blues

Mary—"I wonder what is the matter with Helen now."

Florence—"Why, what's the trouble?"

Mary—"Listen at the awful noise she is making."

Katherine—"Oh, it's nothing much. I just put a tube of oil paints in the place of her tooth-paste, that's all."—"Tit-Bits."

Magical Surgery

"And shall I be able to play the piano, when my hands heal?" asked the wounded soldier.

"Certainly you will," answered the doctor.

"Gee, that's great, I never could before."—Ex.

Wright—"How did you find your uncle?"

Lawrence—"In apple pie order."

Wright—"How is that?"

Lawrence—"Crusty."

And That Ain't All

Warner—"I wonder why Starr puts his money under his pillow at night."

King—"So that people will think that he has money enough to retire on."

A Pardonable Blat

Helen—"I wish you would stop calling me your lamb when folks are around."

Her Ma—"Why not?"

Helen—"It makes me feel so sheepish."—Ex.

Back To the Iron Age

Boyle—"The doctor told Zorbaugh to take iron for his nerves."

Dopey—"I see. And now I suppose he is a man of mettle."

Great Discovery

The other day Robbins went into the Palace and ordered, "Pie a la mode, with ice cream on it."

Ouch!

Lavonne—"Charles did you ever have a thought that you couldn't express?"

Lawrence—"Yes."

Frenchy—"Why, didn't you send it by parcel post then?"—Ex.

Knight of the Bath

Pat—"Where do you bathe?"

Dran—"In the spring."

Pat—"I didn't ask you when, I asked where."—Ex.

Bean Soup

Red—"What do cannibal head hunters do with the heads after they get them?"

Griener—"Make noodle soup of them, I suppose."—Ex.

The Only Way

Pa—"Son, can't you cut down on your college expenses?"

Son—"I might do without books."—Ex.

What?

Bell—"I have a great deal on my hands now."

Prof.—"Why don't you try soap and water?"—Ex.

Back to Nature

Mother, may I go out to swim?
Yes, my darling daughter,
I can't afford to buy you clothes,
So you must stay in the water.—Ex.

Applied Anatomy

Where can a man buy a cap for his knee,
Or a key for a lock of his hair?
Or can his eyes be an academy
Because there are pupils there?
In the crown of his head what gems are found?
Who travels on the bridge of his nose?
Does the calf of his leg become hungry at times,
And devour the corn on his toes?
Can the crook of his elbow be sent to jail?
Where's the shade from the palm of his hand?
How does he sharpen his shoulder blades?
I'll be hanged if I understand.—Ex.

Stop, Look and Listen!

The salesman crawled into a taxi. First it punctured a tire, then it narrowly avoided a post. Then it just escaped a collision with a passing buggy, then just avoided annihilation by a locomotive. "Say," cried the salesman as he climbed out, "thank Heaven you're not running a merry go round."—Ex.

Heard at the Beanery

Froemke—"Waiter, here's a button in my salad."

Starr—"That's just part of the dressing."
